

# SALZIG Sporthocker Video Award 2014

Extended guidelines

## 4 Video Categories:

In the 4 video categories the sportive performance is evaluated.

The age of the hockerers is not relevant.

The jury evaluates the tricks shown in the videos based on the following criteria: style, creativity, difficulty, courage, versatility, innovation and overall impression.

### - Best Male Performance

The best hockerer (male) wins. Maximum video duration: 5 minutes.

Other persons may appear in the video, but they should only have a minor role.

### - Best Female Performance

The best hockerer (female) wins. Maximum video duration: 5 minutes.

Other persons may appear in the video, but they should only have a minor role.

### - Best Trick

The best trick wins. Maximum video duration: 15 seconds.

Both sexes will be evaluated equally. The trick may also be part of a Best Performance Video.

The trick should also be shown in slow motion (e.g. 5 seconds normale speed, 10 seconds slow motion).

### - Best Crew

The best crew with at least 2 persons wins. Maximum video duration: 5 minutes.
